07/08/2019 - News from Europe Goes Local

The 3rd European Event of Europe Goes Local took place in Brussels on 4-6 June 2019. The conference brought together approximately 200 actors from municipal level youth work to learn from each other, plan new collaboration activities and have exchanges about the quality development of local youth work with a new support tool, the future European Charter on Local Youth Work. More concretely, the event served as a platform for discussion, deliberation, exchange of ideas and presentation of good practices. The participants represented a diverse range of expertise from the local youth work area coming from 111 different cities and towns and 28 European countries.
