

4th European event of Europe Goes Local

Romania, Cluj-Napoca, May 17 - May 19, 2022

The 4th European Event of Europe Goes Local took place from the 17th to the 19th of May 2022 in Cluj-Napoca, Romania. Around 250 stakeholders in youth work came to the event to learn from each other, plan new collaborations, and share good practices. There were workshops, key notes, and a panel discussion, among others.

During this event we also launched our new intranet WorkVivo. All participants were invited to this exclusive space, where information and news were being sent out in live in real time and where they were able to connect with each other and keep in touch after the event.

Part of our conference has been, you can read more in-depth about it [here](#). You can also watch all our livestreams on our YouTube playlist:
