European Conference on local youth work and democracy
Brussels, 20-23 February 2024

During the Belgian Presidency four enthusiastic young people are given the chance to bring the complex concept of the Belgian Presidency of the Council of the EU closer to other young people. Through their writing, they are voicing their opinions about Europe and are free to write without any intervention or political agenda.

The European Youth Editors will also report on the 5 different youth events taking place during the Belgian presidency, together with their goals, and aim to provide you with a comprehensive grasp of what is happening through their own youthful lens. This includes the upcoming European Conference on Local Youth Work and Democracy, co-organised by Europe Goes Local.

Find out more about these 4 young people and their written work on the EUyouth2024-website. We recommend you to have a look at this story about youth work, through the eyes of young person Jaimie.
