Call for offers

to create an overview of horizontal European strategies

JINT vzw is looking for a consultant or team of consultants to create a database and overview of horizontal European strategies with relevance to the youth sector. The overview will be a searchable tool embedded into the EGL website as well as a document file.

Tasks and expected outputs

- Building an overview of horizontal European strategies highlighting their relevance for the youth sector.
- Creating a matrix of horizontal European strategies and youth sector strategies showcasing the links between them

- Creating a set of recommendations for the youth sector on how to build on the horizontal strategies and link their work to it in a strategic way
- Creating an easy to use, possibly graphic summary document of the key findings
- Working together with the developer of the EGL-website to turn the written output into a web-based, searchable matrix

Please, read the **Call for offers** for the details of the task, the terms and conditions and the way to apply.

Deadline to apply: 20 August 2026
