Mapping of European Strategies and their links to youth and youth work

27/10/2026 - News from Europe Goes Local

We mapped the key European Strategies related youth and youth work!!

We selected strategies based on their relevance to young people and to youth work. European scope and steering potential, and complementarity across institutions and themes. This mapping also shows where these strategies connect and what gaps remain despite their potential.

Here you'll be able to discover:

– strategies beyond youth and youth work

– strategies directly connected to youth and youth work

– cross-reference matrix

– key observations: the most valuable links to explore
